MR. EDITOR:-My worst fears are realized. 1816, known in Ireland as the wet harvest, is the first summer I predicted on the weather. June, 1855, in Michigan, comes to the same figures with 1816, which is 42, the highest number of storms which we can have in any one season. How beautifully I could explain these things to satisfy the most incredulous. Here I will declare on the word of a man, that this is arrived at by simple addition-lunar and calendar.

In June, '55, I said, "farmers look out for N. W. thunder storms in clover time, destructive rains in having and harvest, in the main a wet summer." Last June I said "we would have soaking rains in June and July, in August the best hay weather."

We will have different times in harvest, as we will have 33 rain storms this summer. Note the last day of this month, first and eighth of July, which will be a fair sample of the weather for July. I will write on the second of July for that month. W. W. RYAN.

EMANCIPATION IN MISSOURI. - The cause of emancipation is constantly gain-ing strength in Missouri. The Missouri Democrat and the St. Louis Int Vigence: which have hitherto been itsonly newspaper advocates, are now re-enforced by the Albany Courier, the Alexandria Delta, and the German paper in St. Louis, making five Missouri papers in all openly in favor of it.

The report that Gov. Cumming has been expelled from Salt Lake City, is confirmed by Government dispatches from Fort Leavenworth. It is thought in the Army, and by the War Department, that SODA, CANDLES, SOAP, MATCHES. the war, so far from being over, is about to begin. Time will show.

PERU, Miami, Co., Ind., Aug. 4, 1857. Dn. C. W. Roback:—I have received so much enefit from your Scandinavian Blood Purifier and Blood Pills, that I have thought it my duty, and it is no less my inclination, to give you a plain statement of my case. I was for years afflicted with that bane of all comfort, and inefficiency in business, dyspepsia. To recapitulate all the so-called remedies which I have used to rid myself of this disease, would indeed make a melancholy catalogue. I also consulted with the best physicians I could hear of. I was induced to try your remedies through the persuasions of friend, and after using them a few days was greatly benefitted, and in a short time, less than a month. I was entirely and permanently cured. I was also afflicted with the most violent nervous hendsche, which I supose was produced by my disordered stomach, for when my dyspersia left me, my headache left with it. I now feel better in every respect than I have
